

Sky's Music World! 40 min. stage show
Sky the Loop Pedal Beatboxer Rap-Freestyler
Family (All Ages) Toddler - Adults

Sky will create improvised songs and dance games with live audiences at schools, live events and birthday parties.

Each show/visit is captivating, fast-paced and highly interactive for both kids and adults, combining demonstration, participation and collaboration.

Sky uses a machine called a "LOOPER" (Boss RC-505 Loop-Station) to demonstrate that the sounds around you can be made into songs with a few creative ideas and the click of a button using beat-boxing, singing, instruments, gadgets and random items (elastic bands, water bottles, whoopee cushions, pots and pans, etc.).

His unique dance games at the shows finale also gets the kids physically active!

Sky's Music World is currently booking 2019-2020 Winter Term.

He carries a Vulnerable Sector Police Check, Offense Declaration and Liability Insurance (all available by request).
